## SOFTWARE DEVELOPER

A fresh graduate with a B.Sc in Economics. A certified full-stack developer with a solid grasp of front-end and back-end technologies. Proficient in JavaScript, HTML, CSS, Bootstrap, React, and Node.js, with expertise in database management using SQL and MongoDB. Committed to delivering high-quality code. I thrive in collaborative environments and enjoy staying current with emerging web development trends. As a creative problem-solver, adaptable learner, and enthusiastic team contributor, I am eager to apply my skills to contribute to innovative projects and deliver user-friendly applications.

## STRENGTHS AND EXPERTISE

APIs Design & Implementation	Testing and Debugging	Problem Solving
Database Management	Frontend & Backend Development	Critical Thinking

## PROFESSIONAL EXPERIENCE

**TechStudio, Lagos**

**January 2024 - Present**

**Software Developer (Intern)**

As an intern at TechStudio Academy, I am actively engaged in the development process. I am responsible for both front-end and back-end aspects of website creation to yield about 20% improvement in overall website aesthetics and performance.

Key Responsibilities:

- Implementing server-side logic, database management, and third-party service integration on the back end.
- Actively participated in code reviews, contributing to a 30% improvement in code quality and overall project efficiency.
- Troubleshooting and resolving issues to achieve a 25% reduction in website downtime.
- Proactively upskilling in emerging technologies, staying updated on industry best practices, and incorporating them into projects for continuous improvement.

**NESA, Olabisi Onabanjo University, Ago-Iwoye, Ogun State**

**August 2020 - September 2021**

**Departmental President**

My role involved a range of responsibilities aimed at enhancing the overall well-being of the department and ensuring effective governance.

Accomplishments:

- Established transparent decision-making processes, leading to a 25% increase in students' trust in the department's governance.
- Led a team of 10 departmental executives, resulting in a 30% increase in team collaboration and efficiency of departmental resource allocation, optimizing budget usage for events and activities.

As the Examination Officer at Beulahland Kiddies Nursery/Primary School in Apata, Ibadan, Oyo State, Nigeria, I significantly contributed to the school's academic excellence and operational efficiency.

**Accomplishments:**

- Prepared Lesson Plans and Curriculum that contributed to a 20% improvement in lesson effectiveness.
- Conducted examinations with standardized procedures, maintained academic integrity, and delivered timely result evaluations, contributing to a 25% reduction in result processing time.
- Collaborated with administrative units, fostering a cohesive working environment, resulting in a notable increase in the overall performance of the school.

---

## **PERSONAL PROJECTS**

### **Jazzy Burger Replicate**

**December, 2023**

#### **E- Commerce Website Development (Full Stack)**

I successfully replicated the [Jazzy Burger Website](#) - part of a comprehensive project to hone and showcase full-stack web development skills. The project involved meticulous analysis, design, and implementation to represent the original website's structure, layout, functionality, and API integration accurately using React, JavaScript, and nodejs to replicate interactive features.

### **Leewhy Store**

**November, 2023**

#### **E- Commerce Website Development (Front End)**

Designed and built the front end of an E-commerce website- [Leewhy](#). The project aimed to create a dynamic platform for users to browse products, make purchases and engage with the brand effectively. Utilized CSS, React, JavaScript frameworks, and media queries to create a seamless and visually consistent user experience across platforms.

### **Goal-On**

**October, 2023**

#### **Role Management System (Front End)**

This project showcases my proficiency in front-end development and commitment to creating solutions that enhance web applications' functionality and user experience. The app aimed to streamline administrative processes and enhance the overall user experience in managing roles within a web application. The project is accessible at [User Role Management System](#).
